

INDUSTRIAL PRODUCTS LINE SHEET

Coastal Process offers our customers the most technologically advanced solutions for the movement and treatment of water, wastewater, and oil-free air. As a partner in your success, we supply a broad range of the highest quality equipment with proven performance levels designed to keep your project running at maximum efficiency.

PROCESS

WesTech Engineering

Water & Wastewater Process Equipment

Aqua-Aerobic Systems, Inc.

Biological Treatment, Aeration and Mixing, Filtration

Purafil

Air Inlet Purifiers

Blue Water Technologies Inc.

Primary Wastewater Treatment, Filtration

SSi

Fine & Coarse Bubble Diffuser System

Hydro-Dyne

Screening Equipment

Spanns Babcock

Screening Equipment, Screw Pumps, Aeration

Prime Solutions

Sludge Dewatering

IPEC

Screening Equipment, Sludge Thickener

ISS

Reverse Osmosis, Demin, Polishing Systems

Komax

Inline Static Mixers, Sludge Heaters

Sharpe Mixers

Top, Side Entry, Portable & Custom Engineered Agitators/Mixers

RP Adams

Pipeline Aftercoolers, Custom Engineered Strainers

Cataract Steel Industries

Custom Engineered Shell & Tube Heat Exchangers

Hydro International

Grit Removal, Storm Water Treatment

PROCESS

AeroMod

Biological Treatment, Sludge Dewatering

AIR PRODUCTS

Cameron

Oil Free Centrifugal Compressors

HSI Blowers

Oil Free Multi-Stage Centrifugal Blowers, Oil Free High Speed Turbo Blowers

Kaeser Compressors

Rotary Lobe Blowers

Parker Airtek

Compressed Air Dryers, Controls

PUMPS/CONTROLS

Boerger

Rotary Lobe Pumps

Landia

Severe Duty Chopper Pumps & Submersible Mixer

TruFlo

API Pumps

MultiTrode

Pump Station Control, SCADA, Level Sensor

VALVES

Val-Matic®

FloodSafe™ Inflow Preventer, Air Valves, Butterfly Valves
Check Valves, Plug Valves & Foot Valves

Singer Valve

Water Control Valves
