

MUNICIPAL PRODUCTS LINE SHEET

Coastal Process offers our customers the most technologically advanced solutions for the movement and treatment of water, wastewater, and oil-free air. As a partner in your success, we supply a broad range of the highest quality equipment with proven performance levels designed to keep your project running at maximum efficiency.

PROCESS

Aqua-Aerobic Systems, Inc.

Biological Treatment, Aeration and Mixing, Filtration

AeroMod

Biological Treatment, Sludge Dewatering

Hydro International

Grit Removal, Storm Water Treatment

Walker Process

Water & Wastewater Process Equipment

Purafil

Odor Control, Emergency Gas Scrubber

Blue Water Technologies Inc.

Primary Wastewater Treatment, Filtration

Hydro-Dyne

Screening Equipment

IPEC

Screening Equipment, Sludge Thickener

Spanns Babcock

Screening Equipment, Screw Pumps, Aeration

Jaeger Environmental

Trickling Filter Media

ISS

Reverse Osmosis, Demin, Polishing Systems

SSi

Fine & Coarse Bubble Diffuser System

Prime Solutions

Sludge Dewatering

Sharpe Mixers

Top, Side Entry, Portable & Custom Engineered Agitators/Mixers

RP Adams

Pipeline After Coolers, Custom Engineered Strainers

Komax

Inline Static Mixers, Sludge Heaters

PUMPS

Boerger

Rotary Lobe Pumps

Landia

Severe Duty Chopper Pumps & Submersible Mixers

VALVES

Val-Matic®

FloodSafe™ Inflow Preventer, Air Valves, Butterfly Valves
Check Valves, Plug Valves & Foot Valves

Singer Valve

Water Control Valves

Limitorque

Electric Motor Actuation of Quarter Turn & Multi-Turn Valves

Tyco Flow Controls

Keystone Valves, Morin Pneumatic Actuators, Rovalve Knife Gate, Biffi Electric Motor Operator, Westlock Controls

CONTROLS

MultiTrode

Pump Station Control, SCADA, Level Sensor

Omni Site

Web Based Pump Station Monitoring

BLOWERS

HSI Blowers

Oil Free Multi-Stage Centrifugal Blowers,
Oil Free High Speed Turbo Blowers

Kaeser Compressors

Rotary Lobe Blowers
